

# Installing the MSPbots Attendance App

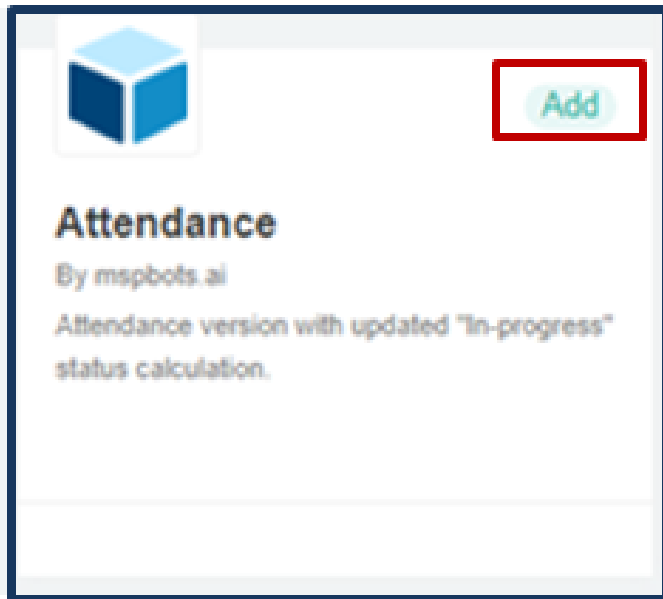

The MSPbots Attendance App allows you to view your team's attendance, work, ticket status, and more all in one dashboard.

This is how to install the Attendance App:

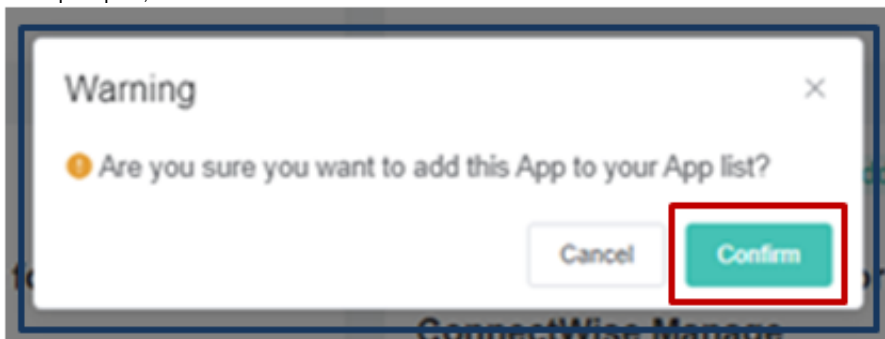

1. Log in to the MSPbots App.
2. On the main screen, click **Apps**.
3. On the My Application screen, click the **Marketplace** button.

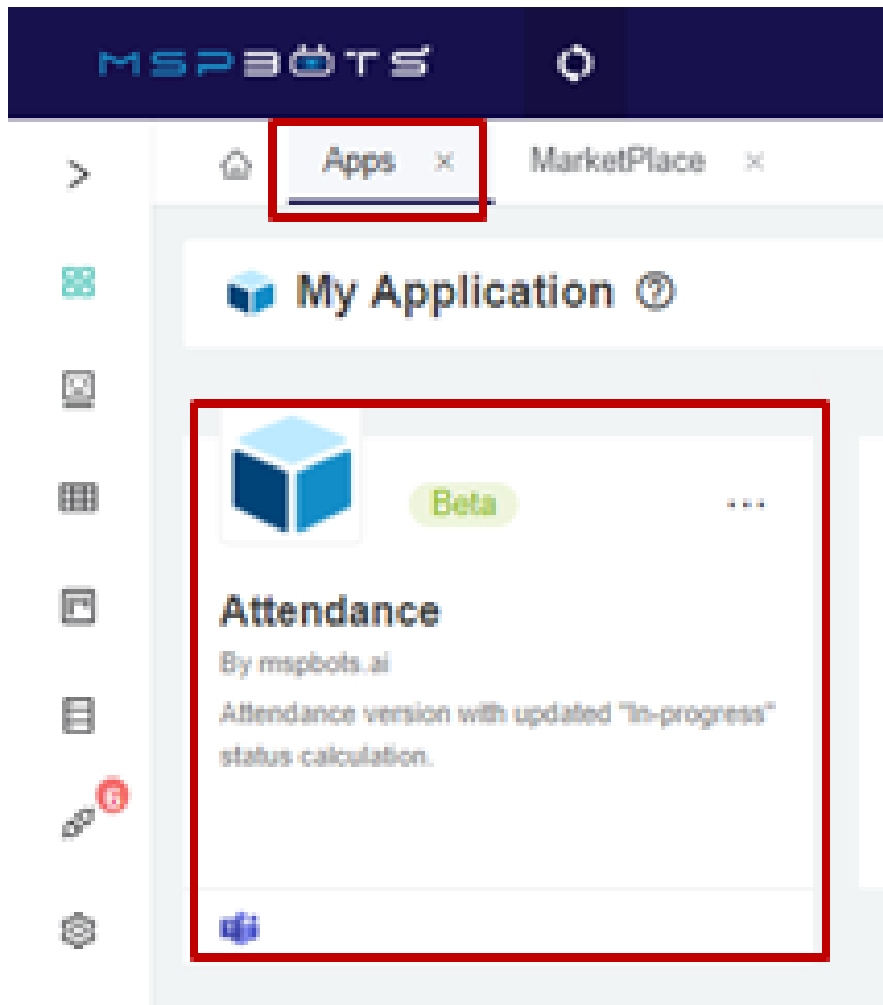

4. Once the Marketplace screen opens, locate the Attendance badge. Click the **Add** button to install the Attendance app.

5. When prompted, click the **Confirm** button to start the installation.

6. To confirm if the installation is successful, go to the **Apps** tab. If you can see the Attendance app badge, then the installation was successful.

Also when you go to Marketplace, the Attendance badge should show **Installed** instead of the Add button.

Installed

## Attendance

By mspbots.ai

Attendance version with updated "In-progress" status calculation.
