Cisco Meraki Integration Setup

Perform the following steps to Connect Cisco Meraki to MSPbots:

- 1. Secure the API Key for your Cisco Meraki account:
 - a. Open your Meraki dashboard and navigate to Organization > Settings.
 - b. Ensure that the checkbox for Enable access to the Cisco Meraki Dashboard API under Dashboard API Access is selected. Dashboard API access
 - API Access 🖲 🥑 Enable access to the Cisco Meraki Dashboard API

After enabling the API here, go to your profile to generate an API key. The API will return 404 for requests with a missing or incorrect API key.

c. Go to your profile and generate the API key.
