How can I add my screen to the device list?

1. Open tv.mspbots.ai on your browser. You will see a message asking you to activate your device by entering a token. Leave this screen open.

2. Launch the [MSPbots app](#) in another window and navigate to **Settings > Device Manage**.

3. The Device Manage tab will open and show a token. Please take note of the token, or click the  icon.

4. Go back to the tv.mspbots.ai window and enter the token. Once entered, take note of the device name on the screen.

5. Next on the MSPbots app, navigate to **Dashboards**. Once the Dashboards tab is open, locate the dashboard for streaming, click the  icon, and select **Share**.

6. When the Share Dashboard popup appears, click **STREAM TO TV**. Then go to **Device** and select the device name from Step 4.
