## **N-able Passportal Integration Setup**

To connect N-able Passportal to MSPbots, get the required parameters for integration and use these for the connection settings.

What's in this article:

- How to get the parameters for setting up the N-able Passportal integration
  How to set up the N-able Passportal integration with MSPbots

## How to get the parameters for setting up the N-able Passportal integration

1. Go to the N-able Passportal login page and click Log in with N-able.

2. Once logged, get the base URL of your N-able Passportal dashboard. For example, if your Passportal's dashboard URL is http://comABC. passportalmsp.com/dashboard#/default, copy comABC.passportalmsp.com and enter it as enter it in the Base URL field when connecting Nable Passportal to MSPbots.

\* 🛛 🕕 🗄

Do not copy and paste your entire Passportal's dashboard URL in the Base URL field.
