Dropsuite Integration Setup

Setting up a Dropsuite integration with MSPbots is done by authorizing Dropsuite in MSPbots and configuring the data source.

To set up and connect Dropsuite:

1. Log in to the MSPbots dashboard as an administrator.
2. Go to **Integrations** and search for **Dropsuite**.
3. Open Dropsuite and click the **Sync** button.

   Important: This and the next steps require Dropsuite login. Log in to Dropsuite before you proceed. Dropsuite will prompt to authorize MSPbots to pull data.
4. Click **Yes, authorize MSPbots**.
5. You will see a message saying that you have successfully linked Dropsuite. Click the **Save** button.
6. Test the connection.
