

RingCentral Integration Setup

Setting up a RingCentral integration with MSPbots is done by authorizing RingCentral in MSPbots and configuring the data source.

To set up and connect RingCentral:

1. Log in to the MSPbots dashboard as an administrator.
2. Go to [Integrations](#) and search for **RingCentral**.
3. Open RingCentral and click the **Sync** button.

Important: This and the next steps require RingCentral login. Log in to RingCentral before you proceed. RingCentral will prompt to authorize MSPbots to pull data. Click **Yes, authorize MSPbots**.

4. You will see a message saying that you have successfully linked RingCentral. Click the **Save** button.
5. Test the connection.
